“We need to encourage the laughter, joy and talent that fills Al Noor and to do this needs our regional support. I am delighted to be part of such a project as *Emirates Woman's Fashion With A Heart* campaign”

NADINE ARTON, GLAMONYOU

“The Director of the school told us that they don't want pity but support, and I believe support comes from understanding the cause and then making a contribution”

# A DESIGN FOR LIFE

10 hot local designers, the *EW* team and a throng of beautiful children... Fashion With A Heart spends a day at Al Noor

**F**ashion can be a trend, an outfit or an accessory, and for the children of Al Noor, there is one accessory they are never without — a smile.

On top of creating their individual bespoke dresses for our upcoming Fashion With A Heart event, our 10 local designers accompanied *EW* to The Al Noor Training Centre For Children With Special Needs to spend the day with the children who will benefit from the proceeds of the auctioned dresses.

An eye-opening and touching experience, the day highlighted to us and the designers the need to not only help those less fortunate than ourselves, but the importance of looking at the wonderful work that happens on our doorstep — from the talents of our designers, to the creativity of the Al Noor teaching staff and the beauty of the children in their care.

“I thoroughly enjoyed experiencing the organic innocence of these children and also seeing how they have so much potential in their lives. For me, this was like seeing a light of hope for each of them”

AIISHA RAMADAN

“The Al Noor staff are doing brilliantly in bringing out the best in these children and go above and beyond the call of duty. The school is expensive to run and needs constant support in the form of funding or volunteering and it is our responsibility as a community to band together and do everything we can to help”
